## **Mexicana de Aviación will strengthen the twinning between Tulum and Punta Cana**

With the acquisition of 20 more aircraft, Mexicana de Aviación also plans to have a secondary base at the Tulum airport to expand its flights to international destinations such as Punta Cana, Caracas and Lima.

Since March 2022, Tulum and Punta Cana have become sister cities through an Agreement endorsed by the Ministry of Foreign Affairs of the Government of Mexico that includes the exchange of experiences that promote tourism and cultural development, thus allowing them to face the present and future challenges of these famous world destinations.
